According to my records the ending balance on the bank statement December, 2004 was \$1,710.56.

To get us on the right track, I would like to have \$1,710.56 as my beginning balance on the 2005 report.

Again, according to the bank statements the ending 2003 balance was 2,886.50 which is what the report showed. And the 2004 balance was \$1,710.56 so I really am not comfortable with these changes on the report because the reports are correct, and these changes that you need make them wrong. The error must stem back before 2003.

I have talked to the states attorney and he advised that I should not change the records to show wrong information.

I don't know how to do this, so it allows what you need and also Have the correct information of records.

Please advise how this can get resolved.

## Schedule A – Direct Contributions

This schedule is used for reporting all direct contributions. You must keep a record of all contributors, but for this report you may combine all contributions of \$100 or less from individuals and the same from political parties and enter these sums as unitemized contributions on their respective lines below and on the next page. Any contribution of more than \$100 or aggregate during a calendar year from an individual or political party and all contributions from PAC's must be entered as a separate item (itemized) giving the amount, name, address and place of employment (if applicable) of the contributor. Each type of contributor has their own section for itemization. This schedule may be duplicated if you need more space, or you may attach additional sheets of paper.
